Are There Bike Trails?

Bicycles are permitted on all paved and unpaved roads in the park.

There are also four multi-use trails on which bicycling is allowed:

- The Fish Creek Bike Path from Grist Road to Fish Creek
 - The paved bike path from Park Headquarters to Apgar Village, Visitor Center, and Campground
 - The old Flathead Ranger Station trail accessed from Quarter Circle Bridge Road
 - The section of Inside North Fork Road, which is currently restricted to vehicles, between Camas Creek and Logging Creek
- Other than on unpaved roads, true mountain biking opportunities will not be found in the park.
